Subject: FEEDBACK FROM ED MDLETSHE ROADWORK DISA AND ANEMOON

Good morning, Manager Civil Engineering

A request has been submitted by Cllr Lindy Maritz for the reinstatement of the surfacing layer at Corner Anemoon and Disa Avenue following the burst pipe repair work.

Please deploy your team to the above street to patch the affected road section. An email has been sent to you in this regard. Please update Cllr Lindy Maritz on your action plan.

Regards, ED Infrastructure Development
