Good day.

I have attached images of an abandoned house at 2 Stinkhout Avenue. It has been more than 3 years that no additional building has been done. Illegal squatters have been living there within these years, including drug addicts. I have spoken to the owner several times who resides in Brits. The last time I spoke to him I asked him to lay a charge at Brits Police station to get these squatters out in order for me to take photos. This house is a sore eye to residents nearby and the grass are never cut. I need to know whether this owner has buikding plans and/or is the building being done according to standard.

Kind Regards

Subject: WARD 14 WARD COMMITTEE REQUESTING FEEDBACK ON REPORTS HANDED IN MONTHLY

Good day ED Mdletshe, MM Mabuza and MMC Moyeni.

I would like to raise a concern from my Ward Committee members and myself as Chairperson of the Committee. The Ward Committee have been handing in their monthly portfolio reports since the start of the Ward Committee and we have not received any relevant feedback regarding these reports to present in our Ward Committee meetings. Reports were handed in since August 2022 concerning the portfolio of Finance and a Water, electricity, Gas & PMU report and these reports including credit control reports, section 71 and 52 reports have been handed in each month with no reply. The Ward Committee would like to enquire whether these reports are indeed submitted to relevant departments and section 80 Portfolio meetings. We would like to have feedback on the following reports:

1. Credit Control and dates for program of correction of bridged meters.
2. Upgrade of Fochville Electricity meters and illegal connections-Finance Report 23 August 2022.
3. Credit Control plan and dates for program of correction of bridged meters.
4. Upgrade of Fochville electricity substation-water, Electricity & gas report 23 August 2022.
5. Maintenance and Network replacement of feeder line to Protea and Jakaranda substations.
6. Costed Street light maintenance plan and program.

Kind Regards

As per Ward Committee meeting of Ward 14 the following concern was raised: A new contract was appointed, but the readings are done manually and for the last couple of months all readings on accounts are estimates. This will result in incorrect payment and unfair charging to residents and need to be addressed.

Evert Du Plessis

The tender for maintenance of street lights is at procurement stage.

Unfortunately there are SCM delays.

Good morning Evert.

Converning the above feedback regarding the streetlights on the R500 provincial road at the fourway junction with the N12 road connecting Fochville and Carletonville, could you kindly communicate any additional feedback regarding the tender for maintenance of street lights and SCM delays if you have any.

Kind Regards

Today

Good day Mr. Norman Gaobonwe.

I would like to invite you to our Ward Committee meeting on Monday, the 04th of December at the Civic Centre, Fochville at 17:30. It will be highly appreciated by myself and our Ward Committee to discuss processes and implementation of CDW. Additionally I am attaching a document received from the department of Home affairs for smart Card applications stationed at Kokosi Retlile Primary School. Our Ward Committee have requested that Home affairs please consider having a venue in Fochville town to assist residents there with Smart card applications.

Kind Regards
Cllr Lindy Maritz

Good day ED Mdletshe.

Our Ward Committee for Ward 14 Fochville would like to know of any progress regarding the outstanding work to repair the LT side of the mini-sub at Gert Van Rensburg Sports Complex and the report indicating the work that must be outsourced and reasons why it can not be done by internal electrical teams.

Kind Regards
Cllr Lindy Maritz

Good day

Material was procured and received and the mini was energized last week for to prevent it from being stolen. The LT side of the mini sub still needs to be repaired to supply the facility. Need a service provider to repair and join the LT cables as it is intensive work.

Regards

Justice

Good day

This is the following work that still needs to be done;

- Cable termination and cable joints to the supply cables about X7
- Cable testing and location.
- Replacement of LT CT's and measuring instruments
- Replace and install new breakers on for the supply to the buildings.

The work is a week long and needs a dedicated team for the digging and the electrical work and it is on those grounds I propose we dedicate an external service provider to perform the remainder of the works.

Regards

Justice

Good day ED Mdletshe.

The sub station was delivered to the Gert van rensburg sports complex almost 2 months ago. Safety is a huge issue at the moment as it was targeted at least once already. It needs to be urgently connected by the electrical team.

Kind regards

Cllr Lindy Maritz

Good day ED

The substation received from Harmony was delivered at the Gert Van Rensburg Sports Complex but not yet connected by the electrical department. Security and fencing is an issue and the biggest concern. Could we kindly receive some feedback regarding the time frame of when the sub will be connected for the sports Complex to be able to function with electricity.

Kind regards
Cllr Lindy Maritz

Today

Good day Mrs. Moyo.

The Ward Committee of Ward 14, Fochville kindly request that the stormwater drains be opened and cleared in Fochville in regards to the rainy season and possible flooding.

Kind Regards
Cllr. Lindy Maritz
